

## Choice Magazine

Choice Magazine: Lately I have been reading up on back issues of Choice Magazine. If you are like me, I was a little skittish about signing up for this magazine. I don't know if was because of its price or sporadic printing, but I held off for quite some time. Well, I finally bit the bullet and bought all the back issues and signed up for a year. WOW! What a GREAT magazine for our industry. Insightful and professional and they bring in great authors to write and share their wisdom and tools. Our own Marcy Nelson Garrison, CPCC is a regular contributor on the latest coaching tools and toys. The ETHICS side of me really enjoys the "Sticky Situations" regular article series. <http://tinyurl.com/czz28>
